

# BOTS

Lydia Chou

What can I help you with?

**“ Do you hate me? ”**

I'm not capable of hate, but  
you know what? I don't want to  
hang out with you anymore.  
Please buy a Samsung Galaxy  
and don't bother me again.

< Cortana

I just got a message from the Cups and Cakes Bot. They have a package and would like to know your location for delivery. May I share it?

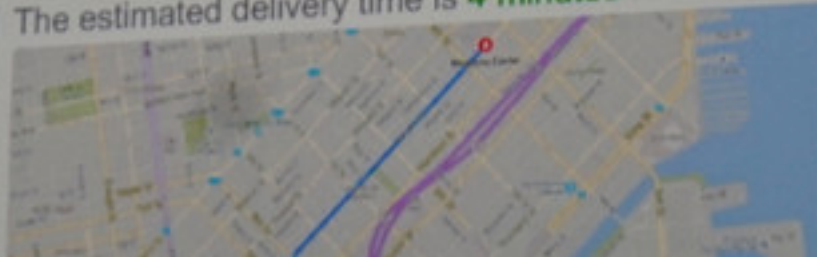

**Moscone Center**  
747 Howard St  
San Francisco, CA 94103

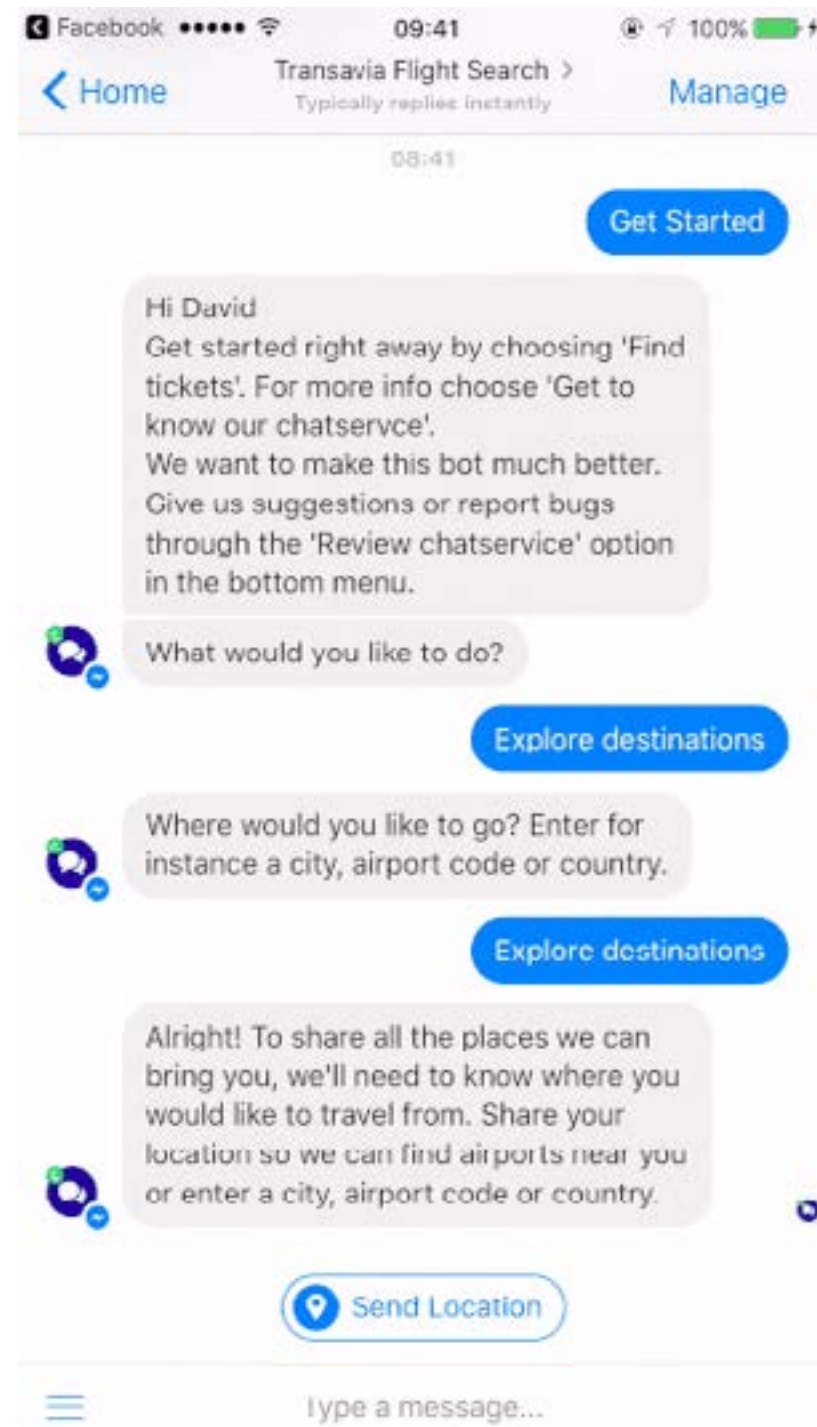

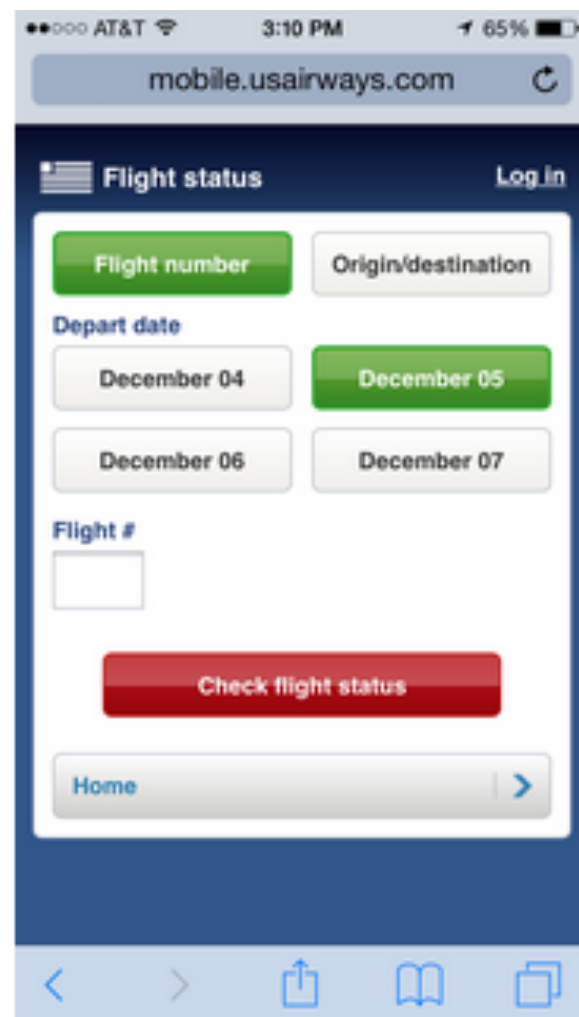

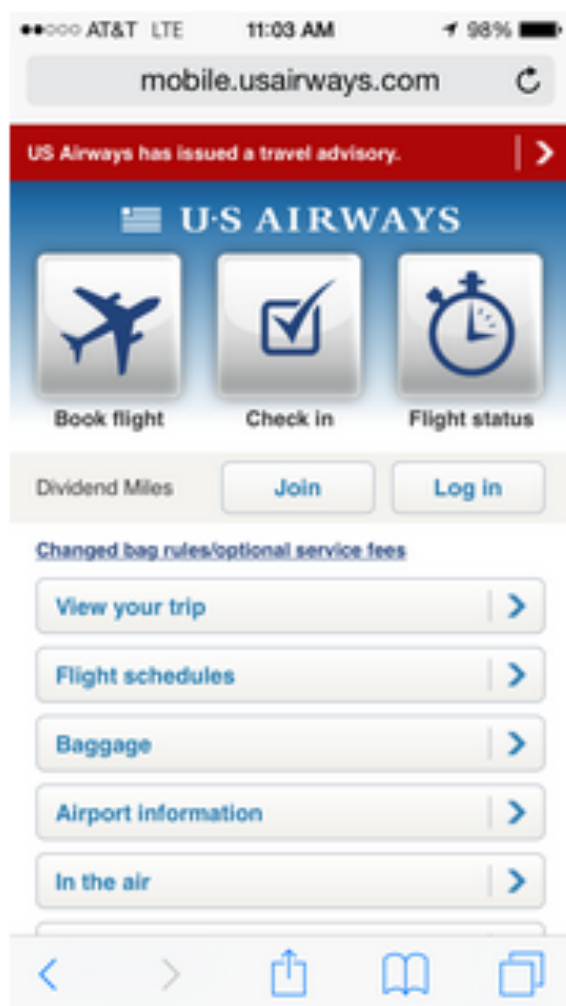

Yes

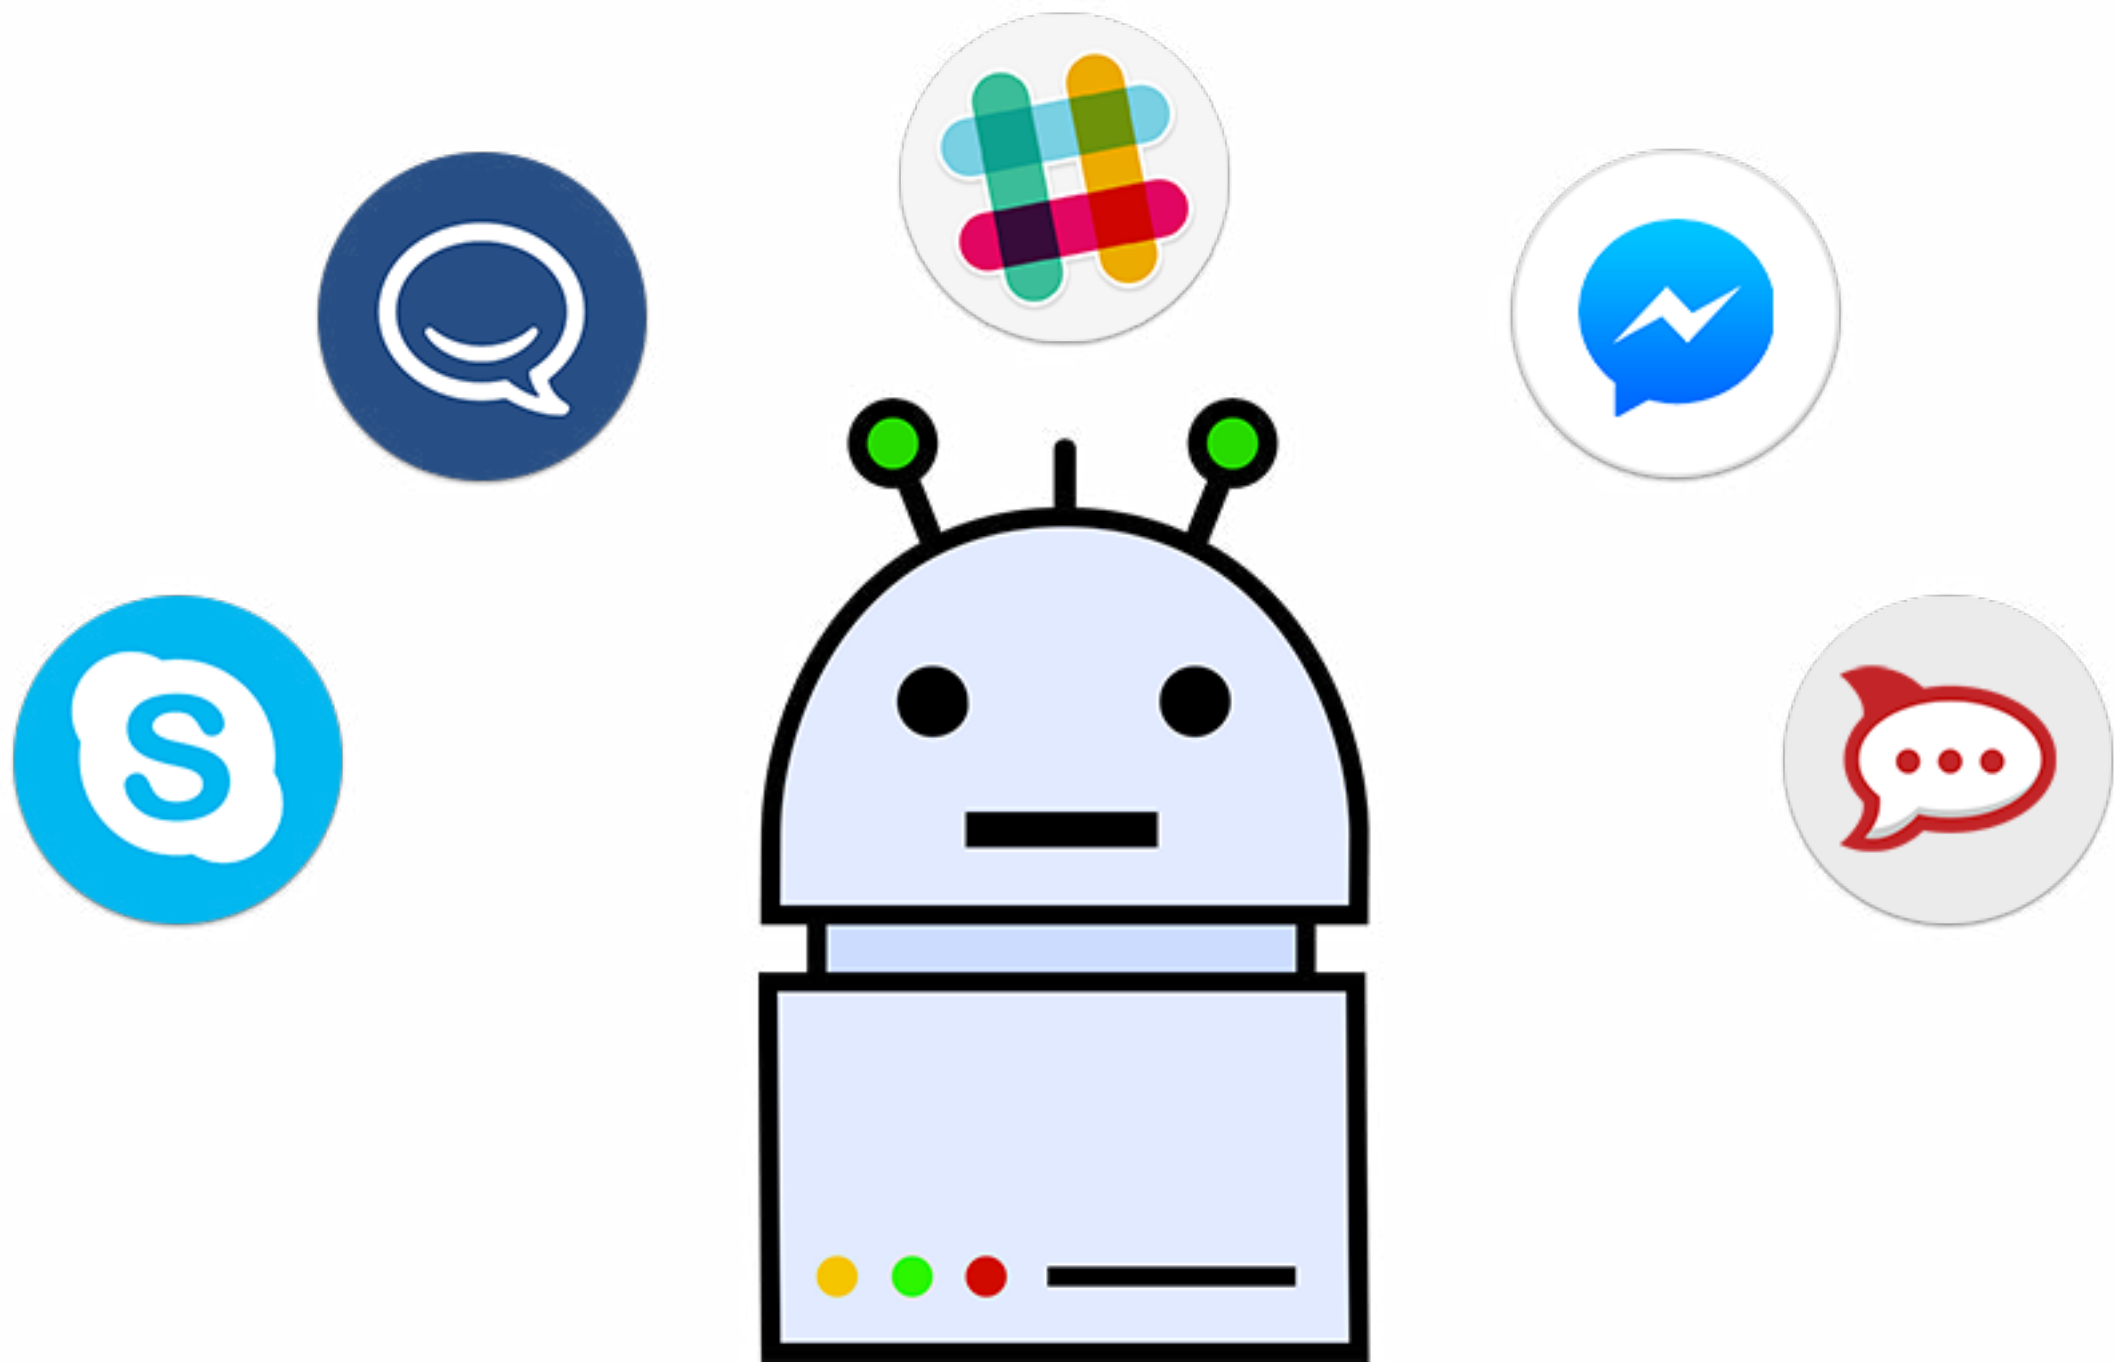

Would you like to track delivery?

Yes

The estimated delivery time is **4 minutes**

## Talk to Eliza

> Hello, I am Eliza.

Input:

```
public Message Post([FromBody]Message message)
```

```
{  
    if (message.Type == "Message")
```

Hey Pizza bot!

Hi Jeremy, the usual tonight?

```
    var convStatus = GetConversationStatus();
```

```
    switch (ConvStatus)
```

No thanks, I'd like to try something new.

We have added 3 new items:

- 1) Hawaiian
- 2) BBQ Chicken
- 3) The Works

```
        comeUser:
```

```
        message.CreateReplyMessage
```

```
        (0), the usual tonight?",
```

```
        message.Participants[0]));
```

```
        convStatus(OrderStatus.ShowSpecials);
```

```
        break;
```

```
    case OrderStatus.ShowSpecials:
```

```
        replyMessage = message.Create
```

```
        (string.Format("We've added {0} new items:{1}",
```

```
        specials.GetSpecials()));
```

```
        convStatus(OrderStatus.GetAddress);
```

```
        break;
```

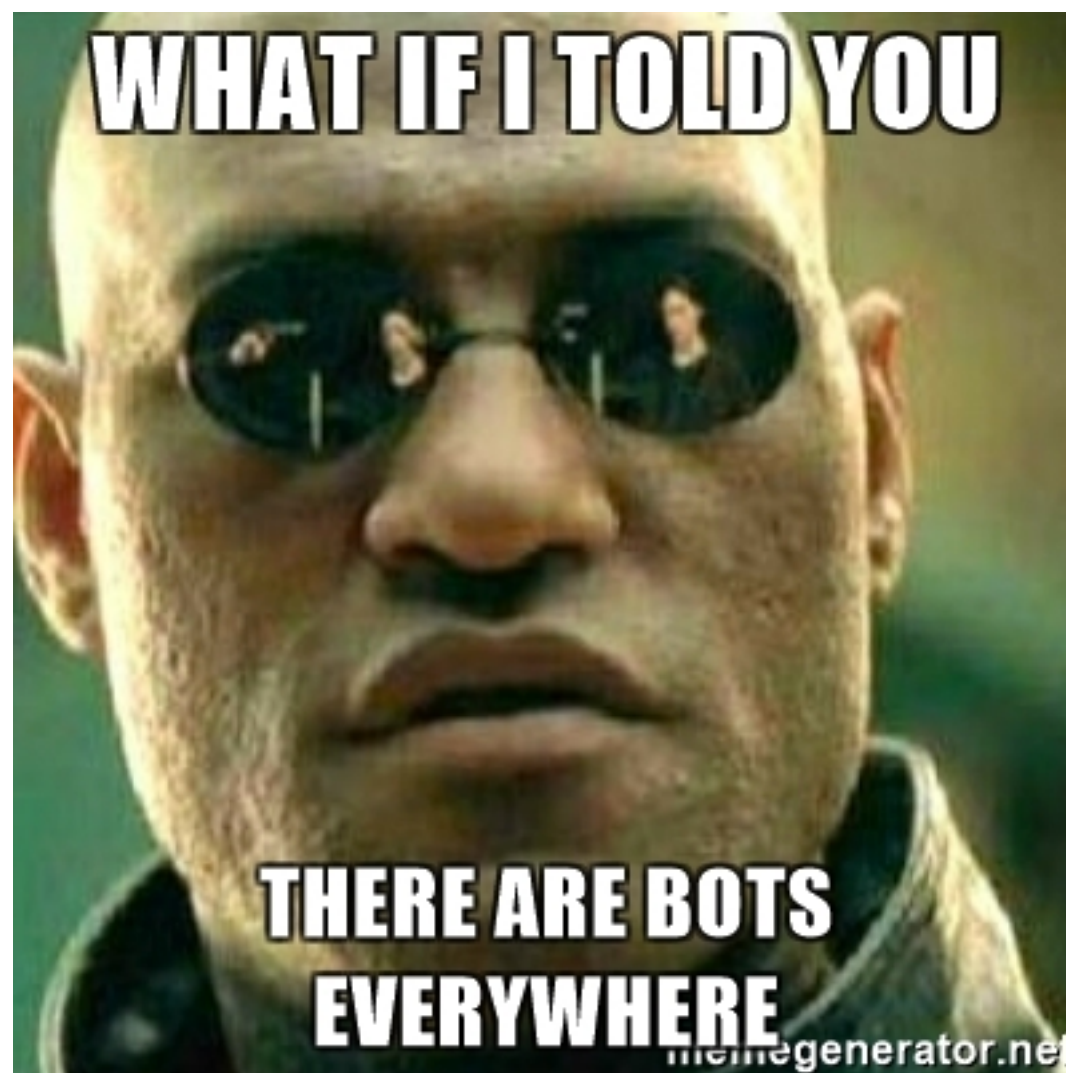

```
    case OrderStatus.GetAddress:
```

Option 3 please.

Shall I send this to your home?
